604-765-7493

1. What do you think are the three top issues affecting Surrey Schools today?
 - a. Not enough special education teachers, assistants & other support staff
 - b. Too many portables
 - c. Asbestos and lead in Schools

2. What are your priorities if elected and how will you implement your plans.
 - a. Advocate increasing the Funding Formula for Surrey Schools from our Provincial Government
 - b. Build new schools and new additions to existing schools
 - c. Collaborate with our Mayor and Councillors to construct new Community School by integrating day cares, senior centres, and other community services
 - d. Lobby the Provincial and Federal Government for funds to remove asbestos from schools

3. Surrey has too many portables. What is your plan to reduce the use of portables within SD36?
 - a. Advocate increasing the Funding Formula for Surrey Schools from our Provincial Government
 - b. Plan for new schools alongside new building development
 - c. Build new schools
 - d. Build new additions to existing schools

e. Collaborate with our Mayor and Councillors to construct new Community School by integrating day cares, senior centres, and other community services

4. Children need activities and programs after school. Often recreation centres are too far from residential neighbourhoods and difficult to access. Do you support the use of school facilities after hours for recreational programs and would you advocate for this if elected?

Proudly Surrey advocates the community to take responsibility for children. With a vision of building new schools as centres of neighborhoods, the city government and school board will partner to create "community schools" integrating day cares, senior centres, and other community services.

Proudly Surrey will abolish all user fees for school activities, supplies and equipment, as these should be part of any true free, universal education system.
